The Northern Pacific Railroad Bill—No Vote.

An Important Sanitary Measure to Come Up To-Day.

WASHINGTON, Thursday, April 26, 1866.

THE STATEMENT IS WHISPERED THAT this evening the Senate today, in Executive session, discussed some other matters than the military confirmations which were passed upon without opposition.

CONDITION OF THE SOUTH.
A loyal Georgian just arrived here urges the radicals in Congress to withdraw all Federal control, assistance or restraint, from any one of the late rebellious States for 30 days, and leave the reconstructed citizens entirely to themselves; he says the experiment will not only satisfy Northern Conservatives, but cause a wall for succor to come up from the people themselves. He thinks that in less than 10 days they would implore to be saved from themselves. He states that the entire South is a unit in its determination to force a recognition of their war debt, or a repudiation of ours.

THE CHIEF-JUSTICE AND THE COURTS.
As some speculation has been indulged in as to the probable action of Chief-Justice Chase in reference to the trial of Jeff. Davis at Richmond, it may not be improper to state that no courts will be held in Richmond or Norfolk while the writ of habeas corpus is suspended in Virginia, and while military authority is supreme. It is the opinion of an eminent jurist that Jeff. Davis and his associates, should, while the military power is exercised, be tried for treason by a Military Commission of the most distinguished officers in the service. It is considered that if the President desired to show that "treason is a crime and should be made odious," there has been ample opportunity to test it at the last three sessions of the United States Court at Baltimore, over which Chief Justice Chase presided.

THE CUBA TELEGRAPH.
The House today passed the Cuba Telegraph bill with amendments previously reported. The Senate will probably pass it to-morrow, and the Company expects to have the cable working to Havana the coming summer, they having already sent an agent to Europe to buy a portion of the Atlantic cable.

THE OFFICES.
Extensive transactions have taken place in removals and appointments in Pennsylvania, New Jersey and elsewhere of late. Senator Stockton has prepared the slate for New Jersey, but in the removal of one of the Jersey City collectors he struck into the family of a New-York Congressman, and special supporter of "my policy," so it is thought the old slate will have to be restored in this instance. Senator O'Brien of Kentucky spent last evening with the President. He has had several important appointments assigned him by the Executive. Thomas B. Florence, editor of the *Constitutional Union*, it is stated, has also been permitted to designate sundry departmental appointees.

INTEREST PAYMENT.
The Treasury will pay the 5-30 gold interest on Tuesday next.

SECRETARY McCULLOCH'S PLAN.
A prominent member of the Congressional Finance Committee expresses the conviction that Secretary McCulloch's desire to fund the national debt into one uniform long loan, at 5 per cent, is entirely feasible, and will prove successful.

PRIZE WRITING.
There is to be a prize writing exhibition here on Tuesday, of soldiers who lost their right arms in the war.

PERSONAL.
Representative Hubbard has recovered, and was in his seat to-day. Senator Freese is also recovering rapidly from the same malady. Gen. Fremont arrived at Willard's this evening.

NO PRAYERS.
Congress was past praying for to-day. The Chaplain was out of town, and no substitute appearing, the regular business was proceeded with without the usual devotional formality.

A MATTER OF OPINION.
The President recently remarked to the wife of a Union officer that he did not consider Clement C. Clay as a Union man as Thad. Stevens and his clan.

ENTITLED TO INDIGNITY.
Under the recent law of Congress granting a month's sea pay as indemnity for clothing lost during the war by the destruction of vessels in the navy, the Secretary of the Navy has designated to the Fourth Auditor of the Treasury Department the following named vessels, the officers of which, with several exceptions, are entitled to indemnification: *Albatross*, *Aster*, *Arizona*, *Antelope*, *Amazons*, *Andromeda*, *Annie*, *Brandywine*, *Bazley*, *Brokenbow*, *Baron de Kalb*, *Barrataria*, *Black Hawk*, *Cumberland*, *Cincinnati*, *Cairo*, *Conestoga*, *Croesus*, *Commodore Jones*, *Commodore McDonough*, *Darlington*, *Eastport*, *Ellis*, *Elgin*, *Gibbs*, *Henry Andrew*, *Housatonic*, *Harriet Moon*, *Ida*, *Iron Age*, *Island Belle*, *Jacob Bell*, *Kingslayer*, *Key*, *Kinnaman*, *Kookak*, *Ran Lanester*, *Lavender*, *Linden*, *Lilly*, *M. J. Carleton*, *Mississippi*, *Paddle-wheel Merrimack*, *Madison*, *Monroe*, *Mississippi*, *Narcissus*, *Narragansett*, *Dec 8, 1864*, *Ozage*, *Osage*, *Proble*, *Pontopore*, *Peterhoff*, *Phillips*, *Rattler*, *R. B. Forbes*, *Rodolph*, *Shepherd Knapp*, *Southfield*, *Sumter*, *Shenandoah*, *San Jacinto*, *Sidney C. Jones*, *Tecumseh*, *Tulip*, *Tash*, *Torpedo-boat* which destroyed the *Albatross*, *Varuna*, *Violet*, *Westfield*, *Whitehall*, *Weekawken*, *Winyan*, and *wharf-boat* at *Monck City*. Payments on the following vessels can only be made upon the special order of the Secretary of the Navy: *Congress*, *Bloomer*, *Hatteras*, and *Pink*. The following captured vessels do not participate in the benefits of the law: *Columbia*, *Clifton*, *Covington*, *Columbia*, *Diana*, *Granite City*, *Harriet Lane*, *Indianola*, *Isaac Smith*, *Morning Light*, *Petrel*, *Queen City*, *Queen of the West*, *Reliance*, *Satellite*, *Shawchen*, *Signal*, *Sachem*, *Undine*, *Underwriter*, *Volunteer*, *Ware*, *Water Watch*, and *Picket Boat No. 2*. The disabled ram *Seymour* is not entitled to participate in the benefits of the law referred to.

BREVET PROMOTIONS.
It is generally inferred from the incomplete manner in which the Military Board lately in session for the recommendation of brevet promotions of Regular Army officers discharged their duties, that they had been secretly furnished upon which to base their decisions. Meritorious officers who served with distinction in the Army of the Potomac complain bitterly of the apparent neglect of the Board in recognizing their claims to promotion, and openly charge a member of the Board, whose interests were for a long time identified with that of the army, with having made personal considerations the grounds for his recommendations for promotion. Among the persons mentioned

is that of Gen. Rosecrans, the validity of whose claims to promotion no loyal man can question.

GOOD FOR BURLINGTON.
The Treasury Department has received from one of its agents, who is well qualified to judge of any matter connected with the Department, a report in reference to the customs district of Burlington, Vt., which he describes as having in active operation the best preventive system that he has yet seen. Orders from the Department are most rigidly enforced, seizures of contraband goods are reported daily and smuggling has become so hazardous that when practiced at all it is only in a small way.

INTERNAL REVENUE.
The receipts from Internal Revenue to-day were \$341,602.

COLORADO ORDS.
The Commissioner of the General Land Office has just received several boxes containing valuable specimens of ores from Colorado. It is understood that these are to be succeeded by further contributions to the large cabinet of minerals already collected by Judge Edmonds.

THE NEW-YORK COLLECTORSHIP.
Senator Morgan being on the Committee on Commerce, when the case of Mr. Smythe came up for action it was referred to Mr. Morgan as the Senator from New-York State. It is customary to report back cases after one week's delay, and a report of the case was fully expected by the Committee to-day; but nothing was said by Senator Morgan, and as there is no meeting of the Committee until next Thursday, no action will be had upon the case during the interim. It is supposed that no objections of moment will be made to his confirmation.

COUNSEL IN THE DAVIS TRIAL.
Messrs. Evans, Clifford, and Rousseau have been retained by the Government for the trial of Jeff. Davis. They were here yesterday, arranging the case, although the time and place of trial have not been definitely decided.

THE NORTHERN PACIFIC RAILROAD AID BILL.
was considered past recovery at the time of adjournment to-day. Its friends will probably urge its recommitment to the Committee to-morrow.

EXPOSITION OF PRESIDENTIAL POLICY.
The recently-removed Republicans from Pittsburgh, Pa., are here, and on calling upon Senator Cowan to know the cause of their removal, they were informed that it was because they did not sustain the President's policy, and that if they would go home and publicly sustain the President, they should be retained. They declined to do so, and Cowan then told them this was but the beginning of removals.

Mr. Seord of Camden, who recently figured prominently at Trenton, was here to-day, and in concert with Senator Stockton had the Postmaster and Assistant at Camden, N. J., removed. Their successors were ordered to be appointed to-day, and will doubtless be sent into the Senate to-morrow. The cause of removal assigned is the failure of these men to sustain the President and Messrs. Stockton and Seord in their political theories.

THE CHIEF-JUSTICE AND THE COURTS.
As some speculation has been indulged in as to the probable action of Chief-Justice Chase in reference to the trial of Jeff. Davis at Richmond, it may not be improper to state that no courts will be held in Richmond or Norfolk while the writ of habeas corpus is suspended in Virginia, and while military authority is supreme. indication of the property of the country. For the next fiscal year, moreover, a large falling off in receipts arising from diminished importations, changes in values and quantities of industrial products, and a general depression of the market. This deficit cannot be easily estimated, but that it will be large cannot be doubted, especially if the country, as now seems probable, is to be visited by pestilence.

INTERNAL REVENUE.
The receipts from Internal Revenue to-day were \$341,602.

true that I used in substance the words used in that petition; but by the omission of the context it is made to be a garbled statement. As an example of garbling, the petition reminds me of a speech made by one of the newtonians in the House of Representatives. "The Bible teaches that there is no God." When these words were read in connection with the context it was about in these terms: "The fool hath said in his heart there is no God. I will, therefore, as soon as I have time, refer to the petition. The petition was referred to the Committee on the Judiciary."

CUSTOMS EXPENSES.
Mr. STEVENS introduced a joint resolution, which was passed, appropriating \$1,000,000 to pay the expenses of collecting the revenue from customs.

PURCHASING LANDS.
The Senate bill to enable the New-York and Montana Mining Company to purchase certain public lands, reserved from sale, was taken up, discussed, and laid aside at the expiration of the morning hour.

THE FACILITATING OF INTERCOURSE.
At 1 o'clock the bill to facilitate commerce, military and postal communication between the several States was taken up.

THE CUBA TELEGRAPH.
A message from the Hon. John C. Calhoun, Secretary of the Navy, was read, in which he stated that the bill to facilitate commerce, military and postal communication between the United States and Cuba, with amendments, one of which was to restrict the changes of the Company to \$300,000 for ten years, and another giving the United States the right to purchase the Company's stock, was referred to the Committee on Commerce.
